

Quality Measure Measurement Period Ends September 30th

The end of the quality measure measurement period for cases with RT end dates of January 1st, 2022 through September 30th 2022 is fast approaching. This measurement period is used for scoring 2022 Pay for Performance (P4P) and eligibility for the 2023 Gold Card and CQI VBR programs.

- Data (*clinical and physics*) for cases included in the eligibility for 2023 Gold Card and CQI VBR must be entered by November 15th, 2022.
- You will have until January 23, 2023 to enter data for the 2022 Pay for Performance cases

Please consult the handy [MROQC Data Entry Timeline](#) to make sure you are meeting data entry deadlines.

MROQC EC Elections

The years go by so quickly! We want to thank Dave Heimburger (Munson) for serving on the EC as his term on the MROQC EC will be wrapping on December 31st, 2022.

Clinical champions will be asked to cast their vote for the new clinical champion representative prior to the October meeting. More to come!

Call For Data Proposals

The abstract deadlines for 2023 professional meetings will be here before we know it!

All MROQC members are welcome and encouraged to submit data requests that align with MROQC quality improvement initiatives or support local quality improvement goals.

To help prioritize MROQC statistical support, we ask that proposals with 2023 abstract deadlines be submitted by **November 1st**. Click [HERE](#) for more information.

Prostate P3 Form Update

Did you notice that the P3 form was recently updated? The Physician Androgen Deprivation Therapy form, P3 form, was updated on September 9, 2022.

Question 9 which asks about previous prostate / pelvic MRI results, was revised to include more response options. See below, the new response options added for clarity and completeness.

If yes, check all that apply:

- a) ECE: Yes Equivocal No
- b) SVI Yes Equivocal No
- c) Nodal metastasis Yes Equivocal No
- d) None of above/negative MRI Scan

October 14th Collaborative-Wide Meeting Registration is now OPEN

Less than one month until the October 14th collaborative-wide meeting at the Saginaw Valley State University Conference Center! A final agenda will be distributed before the meeting but here a few highlights of what we have in store:

- Dr. Don Abrams (*UCSF*) will kick off the morning with a session on helping health professionals assist patients with informed choices about integrating cannabis (or not) into their care pathway
- Dr. Lauren Henke and Alex Price, MS (*Wash U*) will guide us through Advances in Technology (*which will wrap up with a MROQC member panel during the combined physician/physics breakout*).

Registration to the meeting is required (*just accepting the Save the Date appointment does not count* 😊) and will be open until October 7th.

To register or for meeting logistics such as lodging accommodations and the COVID policy, please visit the [Event Page](#).

Upcoming Meetings and Events
