

MROQC NEWS

Michigan Radiation Oncology Quality Consortium

In this issue:

- Updates from the Coordinating Center
- 2022 FTE Model
- 2022 Collaborative-Wide Meeting Schedule
- Upcoming Working Group Call Schedule
- Unscored Prostate Physics Audits

Updates from the Coordinating Center

Welcome to the Coordinating Center

Please join us in welcoming Anna Marshall (Administrative Operations Specialist) to the Coordinating Center Team!

Pay for Performance (P4P) and 2021 Case Volume Deadline

January 15th is the deadline for entering data for the 2021 P4P incentive program and 2021 case volumes.

Want to make sure you are following the data entry timeline for 2022? You can find it under [Member Resources](#)

2022 FTE Model

The 2022 FTE model has been approved by BCBSM. The 2022 MROQC FTE model is based off of a site case volume of 200 patients (which is the same case volume used since 2020). Check out the [MROQC FAQ](#) section of the website for additional information on the FTE model and how to estimate your site's payment.

2022 Collaborative-Wide Meeting Schedule

February 25, 2022 – “Virtual” Zoom Webinar, 9:00am—12:00pm

- Registration information to join the Zoom Webinar will be sent via email 1 month before the event.
- Breakout Sessions will be held separately via Zoom Meetings. *(Dates Pending)*

May 13, 2022 – Saginaw Valley State University Conference Center, Saginaw

October 14, 2022 – TBD

For more information, including past events and CE information, please visit the [Consortium Meeting & Events](#) page on our website.

Upcoming MROQC Project Working Group Meetings:

- Breast Working Group, January 14th at 2:00 p.m.
- Bone Mets Working Group, January 18th at 12:00 p.m.
- Lung Working Group, January 21st at 11 a.m.
- Prostate Working Group, January 25th at 12:00 p.m.

Working Groups will not meet in February due to the February 25th Collaborative-Wide Meeting.

Please visit the [Quality Working Groups](#) tab on our MROQC website for more information about our projects and working group call schedules.

Unscored Prostate Physics Audit

With the start of the new year means the start of a new audit season! Please be on the lookout for an email from our MROQC Physics team about scheduling your unscored prostate audit. This audit will not affect your institution's scores or take the place of the regular audit. It will serve as a quick walk through, so you know what to expect once prostate is included in our yearly metrics.

Interested in joining one of our MROQC Project Working Groups? Click [HERE!](#)
